

Additional Facts about Dog Foods and Resort Gourmet List of Ingredients to Avoid in Other Dog Foods

Resort Gourmet Ultra Premium Dog Food is an all natural, hypo-allergenic food which offers dogs at all life stages the healthiest and purest natural dog food available.

The number one ingredient in Resort Gourmet is fresh de-boned chicken; steamed vegetables such as broccoli, tomatoes, carrots and spinach, brown rice and potato and other carefully selected healthy ingredients round out a complete and perfectly balanced diet with nothing artificial, no fillers or preservatives. During the development process the goal was to have only pure ingredients which had no negative health effects; no insignificant ingredients that other dog food companies use as a marketing gimmick.

Resort Gourmet does not contain unhealthy ingredients such as:

- Fish, Fish Meal, Fish Oil – May cause in many dogs loose stools, diarrhea, vomiting, unhealthy skin and coat, hot spots (red inflamed raw patches of skin), inflammation between the toes and in the ears, foul breath and body odor. The source of fish products for dog foods may be of questionable quality.
- Dairy Products (such as cottage cheese, milk etc.) – Causes dogs loose stools, gel like stools, diarrhea, vomiting, unhealthy skin and coat, hot spots (red inflamed raw patches of skin), inflammation between the toes and in the ears.
- Garlic – Toxic to dogs. Please reference the Veterinary Study available at this website, click on the word garlic.
- Corn - Highly allergenic, indigestible, used as unnecessary filler by other dog food companies. Common ingredient in low grade foods.
- Wheat - Highly allergenic, indigestible, used as unnecessary filler by other dog food companies. Common ingredient in low grade foods.
- Soy - Highly allergenic, indigestible, used as unnecessary filler by other dog food companies. Common ingredient in low grade foods.
- Gluten – Any kind of gluten such as corn and wheat gluten typically sourced in China are of questionable quality. Has caused numerous canine and feline deaths due to contamination. Used as an unnecessary inexpensive filler and protein source.
- Preservatives and Artificial Colors - Unhealthy in general. May cause kidney failure after prolonged ingestion.
- About Grain-FreeDiets – Healthy dogs need carbohydrates for normal activity levels. Grain free diets may cause listlessness and low energy levels. Can place an abnormal strain on a dogs kidneys' because the proportion of calories from protein is too high.

Along with the primary ingredients Resort Gourmet Dog Food also has excellent antioxidant properties, essential vitamins and minerals to go along with a glucosamine and chondroitin complex for healthy joints. Because Resort Gourmet contains no fillers and only high quality protein and carbohydrates, dogs assimilate the food more fully thereby reducing stool volume. The food is produced under the strict guidelines and supervision of the FDA in the US with only US sourced ingredients. All ingredients are carefully selected and screened before the food is manufactured at their FDA and AAFCO approved manufacturing facility. Resort Gourmet is also independently tested by nutritionists and veterinarians for nutritional performance.

“My clients have reported remarkable improvements in their dogs’ health and appearance. Resort Gourmet has alleviated a vast array of health problems that previously required veterinary intervention and drugs. I am happy that Resort Gourmet has helped so many dogs become more healthy and vibrant because of the quality of our food and the quality of our formulation. Regardless of your dogs life stage Resort Gourmet will make a dramatic difference in improving your dogs’ health naturally. Maximizing your dogs good health does not need to be a complicated process” said Kelli Chen, President of Dungeness Ranch Pet Resort.

“Resort Gourmet Dog Food is our #1 selling natural dog food,” said Barbara Lundstedt of The Co-op Farm and Garden. “We are all pet lovers here, so it makes me really happy knowing that Resort Gourmet is improving the health of our customers’ pets.”
